## MEMORANDUM OF UNDERSTANDING

**The North Eastern Regional Institute of Science & Technology**, Nirjuli, Arunachal Pradesh, India (hereinafter referred to as NERIST) and **American University of Sharjah** (hereinafter referred to as AUS), collectively referred to as the 'Institutions' or the 'Parties'

RECOGNIZING their mutual interest in science, medical and engineering research, development, education and technology transfer on a non-commercial basis

HEREBY agree to encourage collaboration according to the terms and conditions set forth in the following articles.

### **I. Purpose**

The purpose of this MOU is to provide a framework of cooperation and facilitate collaboration between the parties, on a non-exclusive basis, in areas of mutual interest in the United Arab Emirates.

### **II. Areas of Cooperation**

#### **Article 1: Fields of collaboration**

NERIST and AUS may collaborate within any mutually agreeable field of science, medical and engineering research and education.

#### **Article 2: Exchange of faculty, scientific staff, and students**

##### **2.1 Exchange of faculty and scientific staff.**

2.1.1 The administrations of the two institutions agree to assist their respective faculty members/scientific staff in developing scholarly exchanges that may include a range of interaction such as research collaboration, specialized lectures, seminars, teaching, and joint-venture start-up companies, etc.

2.1.2 Both parties undertake to care, as far as possible, for the needs of visitors from the partner institution and to assist them in finding suitable accommodation.

2.1.3 The home institution will continue to pay the salary of faculty members/scientific staff during their stay at the host institution. The host institution will make no salary payments to the visiting member of staff. Both institutions will make efforts to compensate faculty members/scientific staff for any extra expenditure incurred.

2.1.4 The home institution or the faculty members/scientific staff will be personally responsible for travel expenses. However, funds from sponsored/consultancy projects in either institution may be used for travel purposes.

##### **2.2 Exchange of students**

2.2.1 Consistent with the requirements of the project/thesis work of a student, both institutions will enable the exchange of undergraduate, graduate and doctoral students. The number of students for exchange programs will be decided based on mutual agreement between faculties of the institutions.

2.2.2 Student exchange is possible during semester breaks, or short holidays during semesters. However, students having only thesis/project work can avail themselves of student exchange facilities at any time, subject to the policies of their respective home institution in connection with their thesis/project work. Only the home institution will evaluate and award grades to such students (as appropriate).

2.2.3 The home institution will continue to pay assistantship monies to students (if appropriate) during their stay at the host institution. The host institution may not pay assistantship monies to such students. However, both institutions will make efforts to compensate students for any additional expenditure that may be incurred. For students not receiving assistantships from any source, both institutions will make an effort to pay assistantship monies from sources such as sponsored or consultancy projects, etc.

2.2.4 The student will be personally responsible for travel expenses. However, funds from any sponsored/consultancy projects in any institution may be used for travel purposes, if available.

9-10-2012

2.2.5 The host institution will provide basic healthcare requirements and logistical support to the student for the purposes of carrying out the thesis/project work. Students may be allowed to stay in the hostels of host institutions as per the rules of the host institution.

2.2.6 Faculty members of both institutions may be considered co-supervisors of students on a case by case basis.

### **Article 3: Research Projects**

3.1 Research collaboration in areas of mutual interest to both institutions, including submission of joint research proposals to funding agencies.

3.2 Exchange of scientific material which is made available by both institutions.

3.3 Interested faculty of either institution may initiate joint research projects. Subject to available funding, the institutions will encourage research centers of their respective institutions to initiate and conduct collaborative projects consistent with the other terms and specifications of this agreement. Such joint research projects are to be the subject of definitive project agreements specific to each project and separate from this MOU.

3.4 Funds for research projects will be administered by the host institution. The financial arrangements relating to each joint research project will be in accordance with the specific agreement covering each project.

3.5 Institutions will also make efforts to sponsor co-operative seminars, workshops and other meetings on matters of mutual interest, in addition to joint-venture (if possible).

### **Article 4: Intellectual Property, Inventions and Innovations**

The terms with respect to title to and exploitation of intellectual property, inventions and innovations (including but not limited to trademarks and service marks, copyrights, patents, designs and confidential information on the subject of such intellectual property, inventions and innovations) will be negotiated on a project-by-project basis in the specific research project agreements referred to in Article 3.

## **III. Communication and Exchange of Information**

3.1 The parties shall, on a regular basis, keep each other informed of and consult on matters of common interest, which in their opinion are likely to lead to mutual collaboration.

3.2 Both institutions will agree upon the specific terms of any inter-institution initiative relative to this agreement in written or electronic record correspondence at least two months prior to the initiation of a particular program or activity in order for the said initiative to proceed.

## **IV. Implementation Arrangements**

4.1 When the parties wish to enter into a further specific co-operation (projects, special events etc.) within the framework of the MOU, the parties will sign a separate project-specific agreement, which will stipulate the obligations of the parties with respect to such co-operation. Any project-specific agreement will be concluded and carried out in accordance with this MOU, and will include a provision referring to the MOU, which is applicable to such agreements and the programs / projects resulting there-from.

4.2 In itself, this MOU will not carry any financial obligations for either party.

## **V. Use of Name and Logo**

5.1 Neither party will use the name, logo or trademarks of the other party, or any abbreviation thereof, in connection with its business or otherwise without the express prior written approval of the other party in each case.

5.2 Each party acknowledges that it is familiar with ideals and objectives of the other party and recognizes that its name and logo may not be used in a manner inconsistent with the status and reputation of the other party.

5.3 The parties agree to recognize and acknowledge this partnership as appropriate. To this end, the parties shall consult with each other concerning the matter and the form of such recognition and acknowledgement.

5.4 Neither party shall speak or make public statements on behalf of the other or claim to represent the other, except in specific cases where express agreement is given in writing.

01-10-2012

**VI. Statutory Compliance**

6.1 Each party will cooperate in the activities envisaged under this MOU in accordance with their own internal regulations, rules, and directives. Specific activities envisioned under this MOU that require financial commitments or liabilities of either party will be subject to separate written agreements.

**VII. Duration of the Agreement, Termination and Modification**

7.1 This agreement will enter into force for an initial period of five years, on the date of its signature by the duly authorized representatives of the parties.

7.2 Either party may terminate the arrangements described in this MOU upon one month's notice in writing to the other party. In the event of termination, the parties will take steps to bring the activities under the MOU to a prompt and orderly conclusion. Activities commenced under separate arrangements concluded under the MOU may also be terminated as agreed between the parties. In the event of breach of any terms of the MOU, it may be terminated without notice.

7.3 This agreement may be amended by mutual consent, provided that one of the parties notifies the other in writing of the proposed amendment.

**VIII. Privileges**

8.1 Nothing in or relating to this MOU shall be deemed a waiver, expressed, or implied of any of the privileges.

**PREAMBLE**

The Indian Institute of Technology, Guwahati [hereinafter referred to as IITG] and North Eastern Regional Institute of Science & Technology, Nirjuli, Arunachal Pradesh (hereinafter referred to as NERIST), collectively referred to as the "Institutions", are ready to establish a Memorandum of Understanding (MoU) for Academic Tie-up regarding the Ph.D. programme of NERIST. NERIST requested IITG to initiate a special programme to help its faculty members to obtain Ph.D. Degrees, as at present facilities for guiding research at NERIST is not sufficient. IITG has an obligation to help the Government funded technological institutes of the region in their pursuit to become internationally recognized Institutes of learning.

**DECLARATION**

This Memorandum of Understanding sets forth arrangements by the undersigned signatories ("Institutions"), to establish an Academic Tie-up for linkage for the Ph.D. programme of NERIST.

WHEREAS, Institutions have agreed to associate themselves with the aim of promoting academic co-operation for mutual interest.

THEREFORE, Institutions agree to the following:

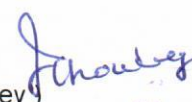

1. Faculty members from NERIST, Nirjuli, deputed by their administration may be allowed to take for credit/courses being taught at IIT Guwahati. The courses so credited will be accepted as meeting the course requirements of NERIST, Nirjuli, of their Ph.D. programme.
2. Such students will not have to pay tuition fees at IIT Guwahati for the courses they credit.
3. They may be allowed to stay in the hostels during the period of course work, paying appropriate hostel fees. The faculty members of IIT Guwahati may be allowed to become Guide/Co-guide of such students on a case to case basis by the Chairman, Senate, IIT Guwahati.
4. Such Ph.D. students will be students of NERIST, Nirjuli, and NERIST, Nirjuli, will award them Ph.D. Degrees.
