ABOUT NERIST

North Eastern Regional Institute of Science and Technology (NERIST) is a science and technology oriented higher education institute in Nirjuli, Itanagar, in the Indian state of Arunachal Pradesh. Established in 1984, it is a deemed-to-be-university, autonomous, fully funded and controlled by the Ministry of Education, Government of India (formerly MHRD). The institute is managed by a Board of Management, comprising representatives of the Ministry of Education, GoI, the eight beneficiary states of the North Eastern region, AICTE and educationists. The state governor of Arunachal Pradesh is the de facto head of the highest body, NERIST Society, which consists of education ministers of all North Eastern States. The Board of Management is headed by the Chairman.

ABOUT CHEMISTRY DEPARTMENT

The Department of Chemistry started functioning under Physical Sciences Group since 1986. Later on in 1993, it was separated from the Group and was established as a full-fledged Department of the Institute. From the beginning of its establishment, the Department has continuously encouraged teaching, research & development activities besides Ph.D. programme in Chemistry. In that respect, the Department has also received funds through various sponsored projects taken up by the faculty members. Since the academic session 2009-10, the Department has been offering M. Sc and B. Sc. (Chemistry) courses. Presently the total intake in M.Sc programme is 33 (Thirty three) offering Organic, Inorganic and Physical Chemistry specialization. Besides these, it undertakes teaching of various UG courses of chemistry at the Base, Diploma, Degree and M. Tech levels of Engineering & Technology streams. Moreover, it also undertakes chemistry courses for undergraduate students of B.Sc. (Forestry). The Department has highly qualified, experienced and dedicated faculty members.

ABOUT THE CONFERENCE

A clear reflection of change in paradigm of the research based on a sustainable approach of the environment and its consciousness has been a continuing process. The aim of the conference is on commitment to excellence in alternative methods of research on the basis of environmental consciousness approach to the research community. The comprehensive schema of this conference ensures participants stay at the cutting edge of research and practical applications shaping the future of sustainability. This platform will define the next frontiers in sustainable chemistry via engagement with keynote speeches, research presentations and panel debates designed to foster dialogue and collaboration.

THEMES OF GCSFNP 2026

1. Green Chemistry
2. Environmental Chemistry and Pollution Control
3. Organic and Medicinal Chemistry
4. Nanomedicine and Drug Chemistry
5. Chemical Biology
6. Bioimaging and Sensing
7. Computational Chemistry
8. Polymer and Material Chemistry
9. Chemical Physics
10. Quantum Reactions and Dynamics
11. Spectroscopy

IMPORTANT DATES

Last Date of Abstract Submission	31.01.2026
Declaration of Acceptance	01.02.2026
Last Date of Registration	02.02.2026

REGISTRATION FEE DETAILS

	Offline	Online
Students	₹500	₹300
Research Scholar	₹1000	₹500
Faculty/Scientist/Post Doc Fellow/Industrial	₹2000	₹800
